O R D E R

The Court has considered Petitioner's Petition for Special Action, which the Court treats as a petition for review. Upon consideration,

IT IS ORDERED granting review and remanding this matter to the trial court for reconsideration of Petitioner's motion to remand with respect to entrapment only, in light of the State's apparent concession that an entrapment instruction was never given to the Grand Jury in this case. The Court takes no position on the merits of Petitioner's motion to remand.

IT IS FURTHER ORDERED denying Petitioner's request for oral argument.

DATED this 25th day of April, 2012.
